Summary of CHEA’s Most Recent Recognition Review

The CHEA Committee on Recognition and the Board of Directors reviewed the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The review was based on the six CHEA recognition standards that require an accrediting organization to show that its accreditation process advances academic quality, demonstrates accountability, encourages self-scrutiny and planning, employs fair and appropriate procedures and demonstrates ongoing review of practice, and that it possesses sufficient resources to carry out its accreditation processes (2006 CHEA Recognition Policy and Procedures, Paragraphs 12A-12F, pp. 5-8).

CAAHEP demonstrated that it meets these standards and that its accreditation process is consistent with the quality, improvement and accountability expectations that CHEA has established.

The CHEA recognition policy requires that an accrediting organization undergo a recognition review at least every 10 years and submit two interim reports.
